

Off the Wall[®]

BioGuard[®] now introduces the **New** and **Improved** Off The Wall[®] for pools and spas! This **new, thicker** formula is 10 times thicker than the previous formula allowing easier use while the product clings to sponges, brushes, and pool and spa surfaces during application. The New Off The Wall is also an improvement upon our previous effective formula due to its ability to dissolve scale over 2 times as quickly as the previous version.

The new Off The Wall formula allows you to efficiently remove scale, dirt, and stains on most types of pool and spa surfaces including vinyl, fiberglass, ceramic, stainless steel, aluminum and painted surfaces. This new gel formula is specifically formulated for compatibility with swimming pool and spa water.

Benefits:

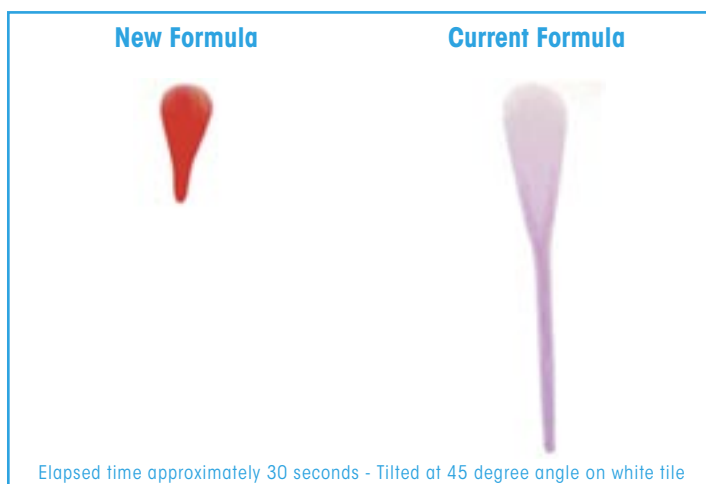

- Clings to pool and spa surfaces and cleaning tools for easy application and use
- Long-lasting cleaning for fewer reapplications
- Even more efficient cleaning of soiled areas than the previous formula
- Safe for use on most pool and spa surfaces

Features:

- New gel-like formula is 10x thicker than the previous formula
- 2x faster at penetrating scale deposits
- Formulated specifically for use in pools

As with any product, please read all label instructions prior to use.

To order new Off the Wall or for more information, contact your Dealer Development Manager or contact BioGuard.
